AUTHOR STATEMENT FORM

According to International Committee of Medical Journal Editors (ICMJE): "An author is considered to be someone who has made substantive intellectual contributions to a published study. An author must take responsibility for at least one component of the work, should be able to identify who is responsible for each other component, and should ideally be confident in their co-authors' ability and integrity." (Available at: <http://www.icmje.org>)

Please tick the proper box:

- **To the best of your knowledge**, anyone who participated substantially in the study has not been omitted from the article: Yes No
- To the best of your knowledge, all persons listed as authors qualify for authorship: Yes No
- I/we certify that I have participated sufficiently in the intellectual content, the analysis of data, if applicable, and the writing of the Manuscript, to take public responsibility for it. I have reviewed the final version of the Manuscript, believe it represents valid work, and approve it for publication: Yes No
- I/we affirm that all data necessary for a reader of JIACM to understand and evaluate the conclusions of the manuscript will be archived in an approved database and made available to any reader. After publication, all reasonable requests for materials and data must be fulfilled. I/we will abide by this responsibility: Yes , No
- The manuscript has not been published previously in the same or similar form in any other journal (it does not apply to abstract or poster presentations at professional meetings) OR the manuscript is not currently under consideration by another journal (it does not apply to manuscripts that have been rejected by another journal): Yes , No
- I/we certify that "The publisher" has the right to reproduce and distribute the paper in printed and electronic form (or any known form/format/media) without asking permission from authors. Editors hold the right to make all the necessary changes to the language and style of the original manuscript in order to adhere to the uniform standards of the Journal: Yes , No

RESEARCH ETHICS:

According to International Committee of Medical Journal Editors (ICMJE): "When reporting experiments on human subjects, authors should indicate whether the procedures followed were in accordance with the ethical standards of the responsible committee on human experimentation (institutional and national) and with the Helsinki Declaration of 1975, as revised in 2008" (available at: <http://www.icmje.org>);

The Editorial Board **may** require proof of ethics committee approval. Do **not** send the original documents to the Journal, but ensure to keep them stored safely for further purposes.

- Reported research was approved by an institutional/national ethics committee:
Yes If yes, please state the name and address of the approving ethics committee:

No If no, please provide further details:

Not applicable

PATIENT PRIVACY AND CONFIDENTIALITY

According to International Committee of Medical Journal Editors (ICMJE): „Patients have a right to privacy that should not be violated without informed consent. Identifying information, including names, initials, or hospital numbers, should not be published in written descriptions, photographs, or pedigrees unless the information is essential for scientific purposes and the patient (or parent or guardian) gives written informed consent for publication.“ (available at: <http://www.icmje.org>)

The Editorial Board may require proof of consent. Please, do not send original documents to the Journal, but ensure to keep them stored safely for further purposes.

- An appropriate informed consent was obtained from each research participant:
Yes
No If no, please explain:
Not applicable

COPYRIGHT TRANSFER:

By signing this form, the authors agree with the following statements:

-In consideration of JIACM agreeing to publish the Work (All Article types), the Authors grant to JIACM for the full term of copyright in the Work and any extensions to the term, the exclusive right to (a) publish, reproduce, distribute, display, and store the Work in all forms, formats, and media now known or later developed (including without limitation in print, digital, and electronic form) throughout the world; (b) translate the Work into other languages, create adaptations, summaries or extracts of the Work or other derivative works based on the Work.

-If this manuscript is accepted for publication in the “Journal of immunology and Clinical Microbiology”, the copyright to the paper shall be transferred to “Journal of immunology and Clinical Microbiology”,

By signing this form author (s) take full responsibility for all statements made in this form and in the submitted paper.
